

TCM Forklift Parts

TCM Forklift Part - Forklift trucks are an important player in the material handling field of each international trade. Transporting industrial goods happens each day on our busy world. Originally innovated as industrial vehicles during the 1930s in America, forklifts gained popularity following World War II in the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these equipment spread internationally.

Originally founded as Toyo Carrier Manufacturing Company Limited, in the year 1949, the business was later renamed Toyo Umpanki Co. before becoming known as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's very first lift truck. Over the years, TCM lift trucks have become a global leader in forklift manufacturing and have built a solid reputation with the industry. TCM started constructing forklift manufacturing sites outside of Japan during the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly manufactures several models of industrial trucks with over 50 years of accumulated expertise and technology, making their products used and recognized all around the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aspires to become a world-class leading company.
